NEW PASTOR TO BE HERE FOR SUNDAY

Rev. F. D. Meehling of Columbus, Ohio, will be installed as pastor of the Torrance Lutheran church at the regular morning service starting at 9:45 o'clock. Rev. G. H. Schuster, of Inglewood, who has for the past four years served the local church, will introduce the new pastor.

Because of increasing duties in connection with his church in Inglewood, Rev. Schuster was compelled to relinquish the Torrance church to the care of a resident pastor, he said today in a statement to the Herald. Rev. Meehling will be a full-time pastor here.

"It is with regret that I give up my work with the Torrance church," Rev. Schuster said. "I have at all times enjoyed the full confidence and cooperation of the people and it has been a real pleasure to work with them. But the regret is offset by the confidence I have in my successor, Rev. Meehling comes highly recommended from Columbus where he served for the past 16 years and where he was instrumental in building a \$90,000 church and more than doubled the membership during his ministry. Under his leadership the local church should soon enjoy the progress that is due it."

"To the people of Torrance, to the church and to the Torrance Herald in particular, I express my sincere appreciation for the splendid spirit of cooperation I have experienced in Torrance," Rev. Schuster concluded.

Spanish-American Boys To Present Church Program

Members of the faculty and student body of the Spanish-American Institute, located at Gardena, will present a program of vocal and instrumental numbers at the Torrance Christian church next Sunday evening, October 4, beginning at 7:30 o'clock. The male quartet, Manuel and Jesus Madrid, tenors; Gabriel Lavine, baritone, and Israel Arrellano, basso, will sing two numbers. Frank Casag, noted baritone player, will supply a number or two. Manuel Madrid will sing solos in Spanish. Biblical reading by Miss Aemine Polodina, who is one of the instructors. Vocal duet, instrumental trio will be featured also. Short talks by two of the students. The public is invited to attend the service. A special "Every-Member-Present-Day" service will be held at the morning hour beginning at 10:30 sharp. The motto is, "All the Lord's people, in the Lord's house, every Lord's Day." The pastor, Mr. Elder, will speak at both services next Sunday.

HIT-RUN DRIVER PUTS HARBOR CITYAN IN DITCH

While driving from Torrance to Lomita late Saturday night, L. C. Finch's car was sideswiped by another machine going in the opposite direction and as result the Harbor City resident smashed into a telephone pole. Finch escaped without injury but, according to police reports, his car was badly damaged. The driver of the vehicle which grazed Finch's car did not stop, he reported.

Open-Door Church At Walteria Draws Increasing Number

"A church for everybody" is the welcoming phrase that identifies the new Community Inter-Denominational church at Walteria, which during its short life of 10 weeks has exhibited a substantial growth. There are 71 children enrolled in the non-denominational Sunday school and an average attendance of 48 is reported for the regular services.

H. A. Lasley, formerly located in Graham, is pastor of the open-door church. The Sunday and mid-week observances are not founded on any particular creed and all are welcome to attend any of the meetings. Mr. Lasley's messages are embracing all faiths and are proving to be of interest to an increasing attendance, it is said.

AT BIBLE CLASS
"The Singing Longs" musical evangelists who are appearing at the Baptist church Sunday, will be on the program of the Men's Bible class Sunday morning session, at the Torrance Theatre, according to G. L. Morris, president, dent.

Ask School Board To Reconsider Its Fern School Edict

(Continued From Page 1-A)

relationship of the Torrance schools to the Los Angeles school system has always been of such a nature that the community of Torrance has been a substantial contributor of revenues largely in excess of those required locally for educational purposes.

"Even in the event of sustained legal opinions that the adoption of a city charter would preclude the continued relationship of the schools in Torrance with the Los Angeles school system, such cessation would be effected through property valuation and prorated through assumption by Torrance of bonded indebtedness which could not be derogatory to the Los Angeles system."

BUSINESS MEETING

Members of the National Business and Professional Women of Torrance are asked to keep in mind the date of the next business meeting, Monday, October 5.

Magnitude of Project Told

(Continued From Page 1-A)
Pipe, International-Steel, Doheny-Stone, National Supply, undoubtedly will receive orders for materials for the great project.

According to Chief Engineer Weymouth, work is scheduled to begin almost immediately, and will continue for approximately six years. The job will actually begin first, Weymouth said, on the 13-mile tunnel that is to pierce San Jacinto Peak in the lofty range which divides the bleak desert plains of Southeastern California from the fertile valleys of the Southern Coastal region.

The water will be carried over vast desert and mountain areas in giant concrete conduits, tunnels, steel and concrete siphons, and open concrete-lined ditches. The tunnels and covered conduits, almost 17 feet in diameter, will be large enough to permit the passage of the greatest railway locomotive.

Work To Be Done
The following figures, released by the district engineers yesterday, showing lengths of various sections of the aqueduct and its distributing system, reveal the magnitude of the project:

Open canal, 305,280 feet or 57.8 miles; covered conduit, 807,273 feet or 152.1 miles; tunnels, 585,479 feet or 110.8 miles; shafts, 2,940 feet or 0.6 miles; concrete siphon, 292,740 feet or 54.7 miles; steel siphon, 910 feet or 0.2 miles; steel pipe, 239,900 feet or 45.4 miles; concrete pipe, 104,100 feet or 31.1 miles, and cast iron pipe, 4,000 feet or 0.8 miles.

DOHENY-STONE DRILL SUPPLIES DISTRICT NEEDS

For the past few months, the Doheny-Stone Drill Company has been receiving orders for supplies used in the preliminary work of the aqueduct, and the company, according to George Ray, expects, now that the bonds have been voted, to receive considerable more business from the project.

Student Singing Is Started At School

"Senior High Singers" were started at the High school this week when 15 minutes were given over to school songs, popular ballads and some more classical numbers. This week the student body also practiced a number of yells which they will use during the coming football season. "We will have similar 'sings' weekly throughout the school year, working on popular school hymns and classical songs so that the student body becomes acquainted with similar singing and learns how to 'really enjoy mass singing.'" Principal Herbert S. Wood said following the first "sing" this Tuesday.
